**INSTRUCTOR DEVELOPMENT**

Date: December 1- 5, 2014  
Location: Pierre, SD  
Time: 8:00AM to 5:00PM (Requires outside hours to complete assignments)  
Meals & lodging at Law Enforcement Training

This is an interactive course designed to prepare individuals to determine training needs, and then develop, implement, and evaluate meaningful training for their department. Attendees learn the key to effective training is to focus on their trainees and prepare to meet those needs.

Pre-class articles and a journal will be provided to students before the class. Students will produce two final projects. The first project will be a non-Law Enforcement topic lesson plan and presentation. The second project will be a Law Enforcement topic lesson plan prepared to the same standards as the first project, developed by student groups and furnished to all students on completion.

The concept for the second project is to make law enforcement lesson plans available to more officers and increase agencies ability to develop their own lesson plans.

Topics include: adult learning, strategies for using Multiple Intelligences, Emotional Intelligences, and Blooms Taxonomy to increase participant learning, training needs assessment, instructional methods, Problem Based Learning, instructional objectives, course outlines, lesson plan development, testing & evaluation, presentation techniques, student presentations, and development of a training lesson relevant to each individual’s future teaching assignments. This course is presented by Gerri Ann Eide.

Gerri Ann Eide: I attained my BS in Agriculture Education & Agricultural Journalism and MEd in Career & Technical Education from South Dakota State University. I am a leadership and educational trainer with 20 years of experience. Through the years, I’ve attended exceptional, challenging educational training sessions that forever changed my knowledge and perceptions. But like many of you, I have also attended boring, poorly executed trainings I forgot as I left the room. I gained nothing and was utterly frustrated about the waste of time. I’m dedicated as a trainer to helping others learn and implement effective educational and facilitation techniques. Through GANE Leadership Consulting, I tailor each training to meet the specific needs of attendees, growing their effectiveness as leaders, facilitators and trainers. Training in Emotional Intelligences, Multiple Intelligences, adult learner needs, and Problem Based Learning continually come into play as I guide individuals to teach and facilitate exceptionally.

## **WARRANTLESS STOPS AND SEARCHES OF PERSONS AND MOTOR VEHICLES: BECOMING AND TRAINING A MORE EFFECTIVE AND CONFIDENT OFFICER IN CRIMINAL INTERDICTION AND APPREHENSION**

Date: December 9, 2014  
Location: Box Elder  
Class size: 24 max.

The purpose of this course is twofold: First, it will provide participants with information allowing them to know when they can confidently and lawfully stop and search persons and vehicles. Second, it will dispel the six primary misconceptions often held by law enforcement officers that surround this topic. Based on the most recent legal precedents, this class will provide participants with answers to the following questions:

1. Can I STOP that vehicle or person, even if I didn't observe a violation or the RP won't sign a complaint?; and
2. Can I FRISK or SEARCH that vehicle or person WITHOUT CONSENT OR A WARRANT?; and
3. Can I ARREST or TICKET a person if I didn't actually witness a violation?
4. How do I properly articulate my actions in order to be more successful in court and obtain convictions?

As you can read, this class will be based on what an officer CAN DO, not on what they can't do. Bottom line is, if you don't make the stop, you don't make the case. This course is open and available to any law enforcement officer in South Dakota who wants to attend and become a more confident, effective officer in the field. This is no ordinary legal class. Participants will be exposed to an interactive, high energy class that incorporates numerous adult learning methods. Instruction will be presented using small group work, table top scenarios, video case studies, dispatched radio calls, and static scenarios outside of the classroom. Participants will use their law books to develop and apply a decision-making matrix regarding warrantless arrests. Additionally, the six primary myths or misconceptions that many officers operate under will be introduced and then systematically dispelled. Participants will be provided with an invaluable course notebook that will be theirs to keep, and is filled with resources and case laws that support the material presented. This course will cover:

- The Warrantless Arrest Authority of a Law Enforcement Officer Compared to The Warrantless Arrest Authority of a Citizen. You may be surprised at the difference! Can I write a ticket for a class 2 misdemeanor if I didn't observe the violation?
- The Stopping and Detaining of a Motor Vehicle Based on Reasonable Suspicion (Terry v. Ohio), including when you can stop a vehicle based upon citizen complaints. Can I order the driver out of the vehicle? Can I order the passengers out of the vehicle?
- The Stopping and Detaining of a Person Based on Reasonable Suspicion (Terry v. Ohio). When can I stop a person based upon citizen complaints? Does placing handcuffs on a person I've lawfully detained turn the detention into custody?
- Terry Frisks of persons and vehicles.
- The (simple) difference between Reasonable Suspicion vs. Probable Cause and when to properly apply these two legal thresholds.
- Probable Cause as it Relates to Writing a Ticket or Making a Custodial Arrest
- Probable Cause as it Relates to Performing a Warrantless Search of a Person or Vehicle
- Warrantless Vehicle Searches, including Consent, Inventory, Belton/Gant, and the Carroll Doctrine
- Warrantless Search of Persons, including Search Incident to Custodial Arrest, a Chimel Search, and Probable Cause/Exigent Circumstances

The instructor for this course is Don McCrea, South Dakota Law Enforcement Training Academy. For more information concerning this class please contact Law Enforcement Training in Pierre at 605-773-3584. Local contact for this training is Chris Misselt of the Box Elder PD.

## **CIVIL LIABILITY ISSUES AND USE OF FORCE: TRAINING YOUR OFFICERS ON PROPER USE OF FORCE DECISION MAKING, PROPER ORAL AND WRITTEN ARTICULATION, AND THE CONSEQUENCES OF GETTING IT WRONG**

Location: Box Elder Event Center, 420 Villa Drive, Box Elder, SD  
Date: December 10, 2014 8am – 5pm MST  
Class max 24

The purpose of this course is to expose participants to the three most important aspects of use of force training: 1) Making a Proper Use of Force Decision that is Reasonable and Necessary; 2) Articulating Your Use-of-Force Decision Verbally and Through a Proper and Powerfully Constructed Written Report; and 3) Understanding the Civil Ramifications that Can Result From Getting it Wrong.

Designed for firearms and defensive tactics instructors and trainers in particular, participants can expect to be introduced to the two primary court cases that govern all use of force incidents in the United States. These court cases provided law enforcement trainers and officers with particular guidelines and elements in determining when force that is applied is reasonable and

necessary. This course will not only cover the legal concepts governing use of force, but more importantly, will cover when and how to properly apply them, as well as providing many training suggestions for future incorporation into participant's training programs. But don't expect to come sit through eight hours of lecture. This course will be highly interactive, and will utilize a wide variety of adult learning methods. This will be accomplished through small group work, report writing, table top scenarios, teach-backs, video-based scenarios, reality-based scenarios, and the use of force simulator. Participants will be provided with basic information regarding the course material, but then will be expected to move through the various levels of learning, eventually culminating in short teach-backs of topics and becoming active participants and evaluators on the use of force simulator. The following topics will be covered:

- Civil Liability: What Constitutes an Intentional Tort Claim vs. an Unintentional (negligent) Tort Claim
- General Duty Rule vs. Special Duty Rule
- Graham vs. Connor: Objective Reasonableness and the "Graham Factors"
- The Three Primary Categories of Use of Force Incidents, and What Legal Elements Need to be Articulated
- Tennessee vs. Garner: When the Use of Deadly Force is Authorized on a Fleeing Felon
- Means, Opportunity and Jeopardy in Deadly Force Encounters
- Articulating Verbally in Support of Your Use of Force Decision-Using Facts, not Conclusions
- Articulating in Writing in Support of Your Use of Force Decision-Using Facts, not Conclusions
- Training Tips and Suggestions
- Becoming as Effective Use of Force Trainer and Evaluator

### **PPCT SPONTANEOUS KNIFE DEFENSE INSTRUCTOR SCHOOL**

Date: January 5 – 9, 2015  
Location: Pierre

The PPCT Spontaneous Knife Defense System is designed to meet the needs of students who are confronted by a spontaneous knife assault and unable to retrieve a weapon. It is based upon a realistic, yet highly aggressive, check-and-stun philosophy that employs gross motor skills that are compatible with the affects of survival stress. It reviews the fundamentals of basic knife systems; reviews the common grips, types of strokes, and lines of attack; and reviews defense strategies for both stalking assaults and spontaneous assaults inside the reactionary gap.

#### **Course Goals:**

1. To examine survival learning research and design methods for spontaneous knife defense systems.
2. To identify the primary and secondary methods of offensive knife strategies.
3. To teach the PPCT Spontaneous Knife Defense System and training methodology.
4. To refine student technique to the instructor level.
5. To teach instructional methods designed to enhance a student's ability to learn survival techniques, increase his/her confidence level, and assist in the successful application of physical techniques.

### **\*ADMINISTRATION, MANAGEMENT, & SUPERVISION OF FIELD TRAINING & EVALUATIONS PROGRAM**

Date: February 9 - 11, 2015  
Location: Mitchell, SD

Using the San Jose Model, this seminar is designed for the experienced Field Training and Evaluation Supervisor and Field Training and Evaluation Coordinators. Upon completion of this seminar, each participant will be able to effectively apply learned strategies for maximizing the effectiveness of their Field Training Officers and their agency's Field Training and Evaluation Program.

This seminar is highly interactive and tailored to meet the needs of each participant and the course objectives. Over 50% of the seminar involves experiential learning opportunities such as group discussions, small group and individual exercises, video scenarios, instrumentation, and case studies.

Topics include: Organizational structure of a successful FTO program; Managing and Supervision of the FTO program; Development of the Critical Task Book, Daily Observation Report (DOR) and Standardized Evaluation Guidelines (SEG); Employment separation process; Customization to meet agency/community needs; Establishing a content valid performance evaluation; Objective use of the SEGs; Legal issues and the FTO program; Creating and maintaining an effective learning environment; Relationships between biases and teaching; Ethical issues and the FTO program

This is a three-day grant training funded by Law Enforcement Training and hosted by the Mitchell PD. **For further information or to register for the course, contact Sgt. Scott Walton at (605) 995-8400. Please submit the one-page advanced training application directly to the Mitchell PD.**

## CRIMINAL INTERDICTION

Date: May 4 – 6, 2015  
Location: Pierre

**CRIMINALaddiction Inc. CRIMINAL INTERDICTION and PATROLLING with SEARCH, SEIZURE and CONCEALMENT Instructor: Greg Goltz:** Greg Goltz is a 24 year veteran trooper with a large Midwest state police agency. He is the instructor for his agency in Criminal Interdiction/Patrolling and has instructed Criminal Interdiction/Patrolling to thousands of law enforcement officers and their agencies from all over the United States. Greg is a veteran Police Service Dog handler, Firearms Instructor and Team Leader for SWAT. He also worked very successfully in undercover operations purchasing illegal drugs of all kinds. While working in the Uniform Division he has seized millions of dollars in United States currency and literally thousands of pounds of contraband all while making normal traffic stops that he turned into Criminal Interdiction arrests.

He created his own business known as **CRIMINALaddiction Inc.** and now travels all over the United States putting on seminars about these topics of: Interdiction, Search and Seizure, Concealment (advanced) and much more. He is a declared Expert witness in both the State and Federal court systems and actively testifies about this subject matter. He has received numerous awards for his Interdiction efforts and the training he provides, and currently has several “record size” seizures.

He also has made presentations about this subject matter to several Governors. Greg is also responsible for very important case law that better enables officers to do this work including the now important United States v. Morgan, Walker, Jones. He still works the road in the Uniform Division and still actively pursues these criminals during his everyday encounters. He also still works with other officers who have had tremendous success using these techniques. Join him, as he wants to spread his knowledge of catching “bad guys” and learn firsthand from individuals who are out there every day working the “ins and outs” of criminal interdiction.

## HOMICIDE INVESTIGATION

Date: May 11 – 22, 2015  
Location: Sioux Falls

Since 1955, the Southern Police Institute has provided law enforcement officers worldwide with quality homicide investigative training. The HOMICIDE INVESTIGATION course provides participants with advanced knowledge, skills, and abilities required for the successful resolution of death investigations. Carefully selected case studies are used to explore every aspect of death investigations. An expert in a specific field of specialization leads each course segment. These experts are court certified and provide participants with valuable exposure to years of field experience and a variety of investigative techniques.

This course is an intensive eighty-hour course delivered over 10 days. Each participant is granted the opportunity to individually interact with the instructors. Reading material and small group problem solving supplement the classroom instruction. At the completion of the course, participants have the ability to differentiate between accidental, suicidal, and homicidal death.

**Course Topics and Areas of Study:**

- Overview of death investigations including resources required and the category of death: accident, homicide or suicide.
- The legal aspects of homicide investigation.
- Understanding behavior
- The role of the crime laboratory; DNA: Identification & Collection of Biological Evidence
- Medical/Legal causes of death; accident, homicide and suicide: a medical perspective
- Evaluating blood stain and physical evidence
- Evaluating physical force impact on bodies & objects
- Criminal Profiling; Small Group Criminal Profiling Exercise

**Who Should Attend:** Enrollment is limited to law enforcement officers, (uniform or detective), investigators, supervisors, and other authorized officials who are responsible for investigating homicides (crime scene technicians, medical examiner/coroner investigators, military investigators, criminal analysts, or prosecutors).
